

Activities aimed towards integration into the European Research Area (ERA)

Mariana Sargsyan
International Cooperation
Higher Education and Science Committee
MESCS RA

PROJECT FUNDING

- Diversity of competitive programs
- Five national programs qualified for the reciprocity principle under the HE association agreement

Programs under reciprocity principle

1. *Program for the Integration of Foreign Scientists to the Research Community of Armenia (Integration Grant)*
2. *Adjunct Research Professorship Program (Remote Laboratory)*
3. *PostDoc Grant Program*
4. *Starting and Consolidator Programs*
5. *Advanced Research Grant Program*

Measures to increase participation in Horizon Europe

- Involvement of foreign partner in almost all national programs.
- requirement to have a proposal submitted for international grants including HE
- International cooperation and the number of international conferences held in RA have increased.

Interim Results

- *Increased number of applications for the Horizon Europe program - 177*
- *The number of EU researchers involved in our national programs has reached **97** — among them **73 advisors** and **24 principal investigators***
- ***29** international conferences ; 11 summer schools for young researchers (2025)*

INTERNATIONAL COLLABORATION

- BMFTR, Germany – 4 ongoing projects
- CNR, Italy - 10 ongoing projects
- COOPERATION with EAP countries

GEORGIA – 3 projects

MOLDOVA – applications under review

- *Discussions underway with other countries
/NCDR (Poland), CNRS (France)/*
